

A man walked into a lawyer's office and inquired about the fees. The lawyer responded, "It's \$75 for 3 questions." "Isn't that a lot?" responded the man. The lawyer replied, "No, what's your 3^d question?"

!!!!!!!!!!!!!!!!!!!!!!ATTENTION CWC MEMBERS!!!!!!!!!!!!!!!!!!!!!!

Your help is needed/wanted. Throughout the years that we have been the CWC editors we have asked members to send us interesting articles and/or information on events that might be of interest.

For 2024 we are asking again. If you enjoy attending a certain event, chances are your fellow members would too. Or if you see an interesting article in the Newspaper or magazine, please send it to us or call with the information. Please remember, the Club and its Newsletter, belong to the members, they are only as good or informative as the members make it.

+++++

UP COMING EVENTS

Mark Rusch and I are planning on hosting a Spring tune-up seminar at the club grounds on April 27th. We could start at 11am and go until everyone has a chance to get their car looked at. We could take a little cruise afterwards. A back up date in case the weather doesn't co-operate would be May 11th. Please contact Ken Brekke at kbab1@charter.net or 715-459-6283 if you plan on attending. We can discuss this more at our first meeting on April 10th."

Save The DateSunday May 19th, 2024 The Annual CWC Spring Road Rally

Mark your calendars!! The Annual CWC Spring Road Rally will be on Sunday May 19th, 2024 at 10:30 A.M. At Jay & Mary Kovacik's house at W10225 22nd Street, Camp Douglas, WI. Please **RSVP by Friday May 10th, 2024**. Directions to our house will be given when you RSVP at 608-427-3415.

Last year's Annual Club Spring Road Rally, was planned and hosted by Jay & Mary Kovacik, it was actually won by Roger & Mary Voss and they were crowned the King and Queen but Jay & Mary Kovacik volunteered again to plan and host the 2024 event.

ATTENTION!!!

Roger and Mary Voss have moved to just outside the Village of Amherst. (Across CTH KK (old US 10) from the BP gas station. Their new address is:

**Our new address is: 4451 Meadow Ln
Amherst, WI 54406**

Telephone numbers remain the same.

Make the change on your Club Roster.

Birthdays

11 Joe Thorn
14 Mary Kovacik
22 Bill Barg

Anniversaries

Why Shock Absorbers are so important for your Model A

(Information for this article was taken from the Model "A" News Magazine)

A cars springs control the height of a vehicle. Shock absorbers control the movement of those springs and the suspension. Your car's tires are kept in continuous contact with the road surface by controlling the movement of the springs and suspension. If your shocks absorbers are faulty or missing, the spring will bounce your tires off the road.

A worn or missing shock absorber will affect the efficiency of your stopping distance. Your brakes simply slow the rotation of your wheels. How soon you stop depends on how much contact your tire has with the road.

Worn or missing shock absorbers can lead to damage in the ball joints (drag link, tie rods, spindle arms), wheel hubs, and many other components of the suspension.

There are two type of shock absorbers designed and engineered for the Model A. First, there is the original style, Houdaille hydraulic shock. This type came on your Model A, they may now be missing or need rebuilding. The second option are the tubular cylinder style hydraulic shock absorbers. To install this type, you will need to purchase an installation kit. Some kits require drilling holes in the rear cross member

USE CAR'S EXHAUST TO CLEAN CUSHIONS

Using the exhaust gas of the automobile to clean the upholstery is the accomplishment of a recently invented device. An aluminum attachment is fastened to the exhaust pipe and the engine is allowed to idle. As the exhaust gas passes through this device suction is created at the inlet hole. Collected by a

nozzle, the dust and dirt are drawn through the hose and expelled into the air at the rear of the car. It is made in three models, for cars of different size.

With the car's engine idling, gas from the exhaust creates a vacuum that cleans the cushions

When people rob banks they go to prison.
When they rob the taxpayer they get re-elected!
