## Sunshine Report:

- *Long time member, Stan Larson, 93, of Menomonee Falls, passed away on July 13, 2024. Into his nineties, Stan kept the pedal to the floor, kept the tires hot, kept faith in our country, and kept a deep love for Jesus. A dedicated husband, brother, father, grandfather, great-grandfather, and friend, he will be greatly missed.*

*The family will greet relatives and friends at Schmidt & Bartelt Funeral Home from 4:30 until the Celebration of Life Service at 6:30 p.m. at N84 W17937 Menomonee Ave., Menomonee Falls, WI 53051 on Wednesday, July 24. Interment with full military honors will take place at 1 p.m. on Thursday, July 25 at Southern Wisconsin Veterans Memorial Cemetery at 21731 Spring St., Union Grove, WI 53182. In lieu of flowers, the family suggests memorials in Stan's name to Stars and Stripes Honor Flight of Wisconsin.*

- *Ron Zuege from Rapids Reunion has passed away on June 20th, at the age of 88. In the 70's, Ron liked to be 'in-charge' of things during the Reunions, and usually served as the MC at the microphone.*
- *Lee Bottensek, another long-time Model A Reunion friend has passed away.*

*For all Sunshine needs, contact Tony Koconis (262) 613-8515

# Wind Point Light House Tour

September 15<sup>th</sup>, 2024

Dave & Linda Huenink are hosting a tour to the Wind Point Light House in Wind Point, WI which is just north of Racine. We will meet at Burger King, 2723 Beck Drive, Waterford, WI (the corner where HWY 20, 36 and 83 intersect) between 8:45 a.m. and 9:00 a.m. and depart at 9:15 a.m.

Our first stop will be at the O&H Bakery to purchase some Kringle and any other delightful treats you may have a taste for. If you wish, you can meet us here instead of Burger King at 10:00 – 10.15 After a short visit there, we'll head to the Wind Point light house. Once we are all there, we'll have a guided tour of the light house in small groups of eight to ten people. If you are unable to climb the 144 steps to the top, please still plan to join us. You'll still need to fill out the form below. The grounds are beautiful and we are by the Lake Michigan lakefront which looks fantastic here. Once done with the tour, we will meet on the grounds for lunch from Subway and a beverage, at an area set up just for us. Once we are done with the tour of the light house and lunch, we'll head to Milaegers, 4838 Douglas Ave, Racine WI 53402. For those of you unfamiliar with Milaegers, they are a world-famous greenhouse but offer so much more than your typical greenhouse. The cost of the tour is \$7.00 per adult and \$5.00 per child - 11 and under. Please return the form below with your remittance. Make the checks payable to: MAFCA -Wisconsin Chapter. **Please send the form below with your remittance by September 1, 2024** to: Dave Huenink, W326 S8815 Stone Brook Pass, Mukwonago, WI 53149

## Proposed By Laws Changes for November meeting-

Under: ARTICLE III MEMBERS, Section 2. Membership Seniority, b - Currently reads: (b) The membership anniversary date will be January first after the approval of membership and each January first thereafter with paid membership dues.

Change to read - "The membership anniversary date will start to accrue the same year a member joins the club and continue thereafter with paid membership due".

Reasoning- This will help to clarify the anniversary dates.

Also under ARTICLE III MEMBERS, Section 9 - Remove Section 9 - It currently reads "Membership in the Model A Ford Club of American, WI Chapter, Inc. shall require approval by WI Chapter Board of Directors".

Reasoning - The board of directors never denies membership to applicants.

## October Tour....

The October tour will be a drive tour through lovely autumn Sussex/ StoneBank/ Erin/ Hubertus areas. Time and date, start and end places to be determined.

## **Presidents comments:**

Hi Everyone,

Once again its hard to believe July 4th is already behind us and summer is almost half over! I hope you all had opportunities to be out and about in your Model A's this season.

It saddens me that we lost Stan Larson this month and two men from the Rapids reunion, please remember these families as they move through this difficult time in there lives.

I hope to see you all at the club picnic this year at the Rozman farm. There are still some great events ahead on the club calendar so stay tuned and hopefully you can make it to these events as the hosts put a lot of effort into organizing these events for us.

As I close this month please take the time to talk to or call someone you haven't seen or talked to in a long time you just never know what the future holds. Remember yesterday is history, tomorrow is a mystery and today is a gift that's why we call it the present.

Please remember we will need people for the board of directors this fall so feel free to step forward.

- Mike

**Last minute invitation:**

Hello,

I wanted to formally invite you and your Vintage Car Club to our Roaring 20's Jazz Lawn Party event on Saturday July 27th from noon to 5 PM! Same park as last year. N96 W15791 County Line Road Menomonee Falls,

We will again have a band and activities happening during the afternoon and evening.

It was so awesome to see you all at our event last year and I hope you are able to attend this year again.

If you have any questions, please let me know.

Thanks,

Nancy Greifenhagen

*Cars need for senior rides*

On August 15th the Three Pillars Senior Living Community is having an ice cream social from 2-3:30 p.m. They are wondering if there is anyone interested in giving some of the residents a ride in our Model A's. Three Pillars is located just west of HWY 67 on HWY 18 in Dousman.

Please call Vicki Cooper if you would like to help. 262-337-0426 I would like to be able to get a number of cars by the 5th of August.

Welcome to new member

Robert Rutherford of

Waterford, WI

We hope to see you soon

Robert!

## MAFFI MINUTE

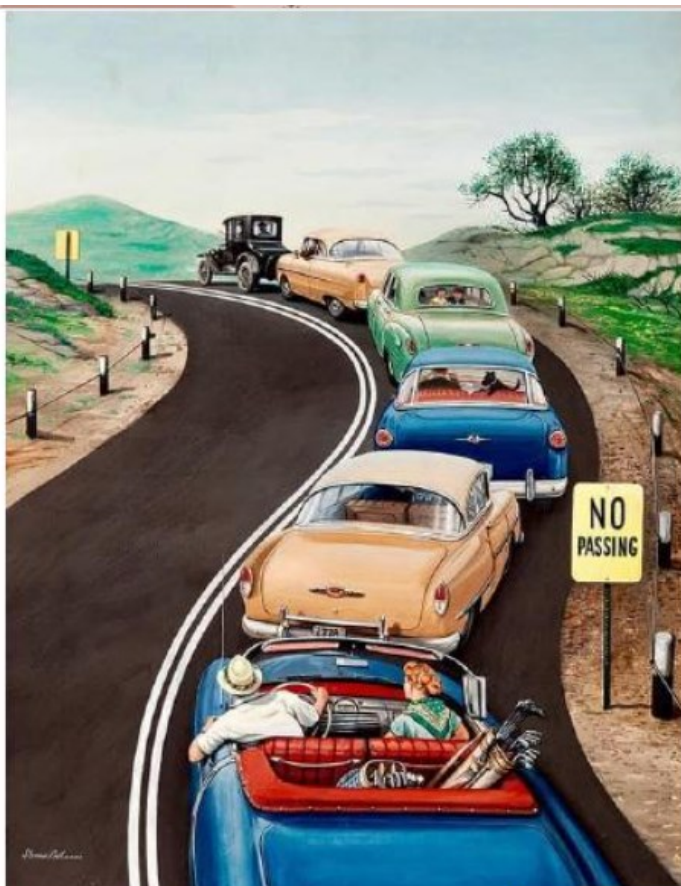

Model A Enthusiasts:

Don't you cherish these days when we can go cruisin' in our precious Model A's? Are you decked out in Model A gear? If not, that's an easily remedied problem. Just go to the MAFFI website collection ([maffi.org](http://maffi.org) –click on “store”) and choose one---or some! It's a “fashionable” way to support your hobby!!

As of June 20, we're only 92 days away from Model A Days at the Gilmore Auto Museum! The Model A Days' Planning Committee is nearly ready for the big event. We're excited and we hope you make plans to join us. While you're on that website getting your Model A gear, click on the link for Model A Days and get registered for your hotel and Model A Days: Friday, September 20 and Saturday, September 21. You don't want to miss the unveiling of the “bus”, do you?

The Gilmore Auto Museum has been in construction mode these last few months so there are a lot of changes at the museum (picnic spots, food and beverage facilities, and more restrooms). We're excited to have so much to offer you this year at Model A Days! Motor on in to Hickory Corners in September!!

Cindy Ellenbecker, MAFFI Trustee/Secretary

# Auto Wash Bowl - Car Wash History

What is an auto wash bowl?

It was patented in 1921 by inventor CP Bohland, who opened two branches in St. Paul. He invented the bowl as an easy way to remove mud from the bottom of cars. During this time, roads were often unpaved and muddy and the mud would get stuck on the bottom and on wheels. It not only cleaned the mud and manure (still a lot of horses using the roads) but also retightened the wooden spokes in the wheels as they would dry out & shrink.

When the idea proved successful in St. Paul, Bohland began advertising in other cities to franchise his Wash Bowl. The first branch outside of St. Paul was Chicago. After seeing its success in St. Paul, a Chicagoan named C.G. Burkhartsmeier bought the rights in 1924 and the first Auto Wash Bowl and service station was built in Chicago by the Newway Auto Cleaning & Service Corp. at a cost of \$20,000. The photo above is from 1924 and shows a newfangled type of car wash that stood at the northwest corner of 42nd Street and South Michigan Avenue.

The nearly 80-foot-wide, ribbed concrete bowl was approximately 16 inches at its deepest point. Customers paid 25 cents to a clerk who tied a protective rubber cover over the radiator. The cars entered the bowl via a ramp and then drove in circles in the basin at a speed of approximately 10 mph per hour. The ridges in the concrete would vibrate the car and the water, creating a sloshing motion that helped wash all the mud off the chassis and wheels. The process took about 5 minutes. After leaving the bowl, customers could opt for a complete wash. In one of the bays (similar to a wash box) the rest of the car was cleaned. On a busy Saturday, about 75 cars per hour went through the wash basin.

But, the Auto Wash Bowl ended up as little more than a novelty. Car-washing technology evolved, and just two years later, the North Side wash bowl was bought by a local realtor and the South Side wash bowl was gone by the 1930s.

A piece of history – the advertisement for the sale of Auto Wash Bowl franchises:

### Come On In The Water's Fine

A five-minute trip through the automobile wash bowl removes all dust, dirt and mud from the wheels, spokes, fenders and running board. The turning action of the water in the bowl is a natural cleaning action. The whirling motion produces a gentle spray that loosens the grime and dirt without injury to the paint. Every car owner enjoys his drive through the Bowl.

The automobile washbowl at Saint Paul, Minnesota, built by the originators of this modern method for cleaning cars, has attracted the attention of business men and women throughout the United States. Business magazines have featured it as the sensation of the year. The motoring public has acknowledged its practical advantages — Its decided improvement over the old method. They demand more bowls because a car wash by this method is 50% to 75% more economical! In Saint Paul, for instance, one bowl has proved inadequate. As high as 300 cars have been put through the Bowl in one day, and then we were forced to turn many away.

Effective immediately, we will establish these Bowls in every State and City in the union. The city of Chicago — a virgin field — offers unlimited possibilities to men and women who are in position to finance the building of these Bowls. The rights to build these bowls, covered by broad patents, are sold outright to the owner. Only a very nominal overhead is required to operate the bowl.

Further particulars will be gladly furnished to interested parties. Investigate NOW!

Note: Our representatives, Mr. C. S. Miles and Mr. V. G. Larson, will be at the LaSalle hotel, Saturday July 23rd, Monday July 24th, Tuesday July 25th. Phone them for appointment.

Salesman capable of closing contracts for the privilege to build these bowls are requested to write us promptly.

# AUTO WASH BOWL

**There was an old man who had a wooden leg.  
A ride he couldn't steal, a ride he couldn't beg.  
So he got himself some wire and an old tin can.  
He built himself a Ford and the darn thing ran.**

**Back in the thirties a lunatic escaped from the asylum and stole the first car he found - a Ford touring car. His first stop was the laundry nearby, where he somehow persuaded two employees to take a break and go for a high speed ride. Unfortunately, the Ford, the lunatic, and the laundrymen reached the grade crossing at the same time as the train. When the police arrived, all they found was a nut and two washers.**

### **This month we feature 'Cream Cheese Lime Pie'**

*(Pam Gillet, from Wi Chapter, "A" Road to Good Cooking)*

2 (3oz.) pkg. cream cheese, concentrate, thawed	1 (6 oz.) can frozen limeade Softened con-
1 1/2 c. milk	1 (8oz.) container whipped topping, thawed
1 pkg. vanilla instant pudding/pie filling	1 graham cracker crust

In a large bowl, beat cream cheese at medium speed until smooth. Beat in 1/2 cup of milk. Reduce mixing speed to low and add pudding mix (undiluted), limeade concentrate and the remaining milk. Beat until blended. Fold in the whipped topping. Spoon mixture into the prepared graham cracker crust. Refrigerate pie until firm enough to slice, at least 4 hours.

# Events of the Past.....

In our June issue of *Wheeling the A*, a wonderful son in law was looking for a ride in a rumble seat for his mother in law's 95 birthday. Thankfully Gary and Deb Gillen were able to make her dream come true. THANK YOU to the Gillens for making this ladies dream come true!!!!

Below is the email I received and the text Deb received:

Dear Wisconsin Model A Club:

Thank you so much for posting my request, and helping find Debbie and Gary! They drove to Mequon in their beautiful car and granted my mother-in-law's wish. They were so kind and patient as our grandchildren also wanted rides (honestly, I did too)!

Again, thank you for posting my request, and the kindness of Debbie and Gary.

Jay Cooney

Debbie and Gary....

I usually send hand written thank you notes, but not having your address, I hope you don't mind a text.

I want to thank you for making a childhood wish come true for my birthday. Never did I think that my wish could ever come true.

Your bringing your beautiful car over exceeded my expectations. I was overwhelmed with thrills and happiness to finally ride in a rumble seat.

You two are very special people to me. Your kindness made my birthday celebration extra special nice.

I've been sharing my story about you and your car with friends.

Thank you dear friends for being so nice and for making fond memories for me.

Shir-Lee.

# Events of the Past.....

On Saturday, June 22, 2024, 12 club members met at the Spring City Restaurant for breakfast. There was some great food and good conversation. It was good to see everyone and get caught up with them since we last met. Due to the weather (rainy) only one Model A was present.

-Dave & Linda Huenink

# Events of the Past.....

## Technical Seminar

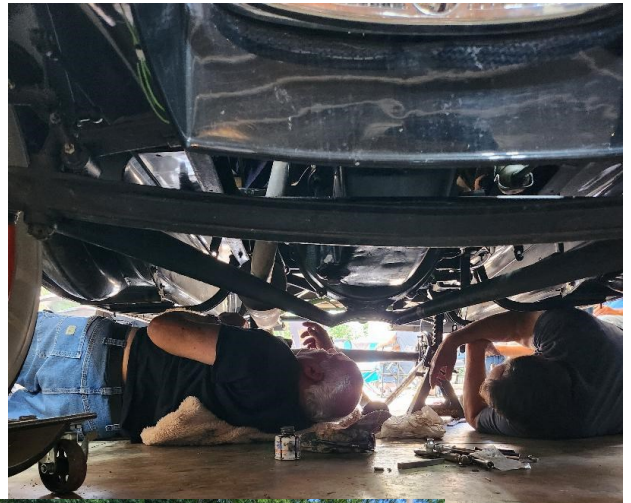

On June 2, 2024 George and Marsha's Clement 1929 coupe broke down on their first Model A event. They lost their clutch, a block from the Clinton Model A days. Many members took off to the swap area for parts. After finding parts they went to work.

The clutch worked then broke down about 12 miles from the Cooper's. Thanks to Dave Walczak, he was able to drive the car safely into the Cooper's garage.

So on the 29th of June, 26 club members showed up to look, learn and work on George and Marsha's car. After a few hours the transmission was dropped and clutch was fixed.

After a potluck lunch thanks to Deb Zimmer for organizing the lunch. The guys were back to the car work on the car. A successful day, Gary Sixel and George drove his car back home, no problems at all. Great day for all. Thanks to everyone who helped.

Dennis & Vicki Cooper

# Events of the Past.....

I would like to thank all of those who attended the **Greendale 4<sup>th</sup> of July parade**. There were seven Model A's that participated in the event and all were nearly full with passengers.

Once again, we were honored to have Eleanor Roosevelt riding with us and two members of the Stars and Strips Honor Flight, one who courageously road in the back of a pickup. I would like to thank those Model A owners who were able to accommodate those passengers.

Several of us had our pictures taken with a camel – yes, a real one- who also participated in the parade. The event was well attended with spectators – many who were enjoying seeing our cars and listening to the Ahooga of our horns. All though the day was on the warm side and the humidity was high, all cars performed well. The parade is always fun to host, as it is an opportunity for club members to get together, visit and get our cars out. Thank you again to all of those who attended.

FOR SALE: Lovely old 1929 Ford Model A Roadster for sale. This attractive and tidy Model A was purchased by its long-term Midwest owner in the early 2000's. Body restoration was completed shortly after the purchase in 1985 by world renowned restoration firm, Motion Products, Inc. ([www.mpi-ferrari.com](http://www.mpi-ferrari.com)) in Neenah, Wisconsin. The exterior shows extremely well. It was nicely finished in traditional green with black fenders. It rides on a nice set of yellow 21" steel whitewall wheels. The chrome, glass, and trim look very nice, and the car has a very attractive overall original Model A appearance. The interior is neat, tidy, and comfortable. The panels and upholstery look great, including the rear rumble seat area. The engine compartment is clean and complete. The inline 4-cylinder engine fires right up, burns clean, and has plenty of pep! Shifting is excellent through the three-speed manual gearbox and braking and suspension function well. All gauges and lighting are in good working order. Asking price: \$25,900. Serious inquiries, please contact Walt Koskinen: [wakoskinen5@gmail.com](mailto:wakoskinen5@gmail.com) or (920) 903-4654. The vehicle is garaged in Neenah, WI and available for viewing by arrangement in advance

FOR SALE: 1929 Tudor, green with red wheels good interior. Mostly original. 15k OBO Contact: Linda and Chuck Pavlak 920-841-5045
